Portfolio: dhanush-g7.github.io/Dhanush-Portfolio | GitHub: github.com/dhanush-g7

SUMMARY

BCA graduate and front-end fresher who builds cinematic, responsive websites with HTML, CSS and JavaScript, and explores React and Three.js for interactive 3D experiences. Built and deployed three live projects, from a job-search workspace to an AI-companion website and a fashion storefront. Seeking an entry-level IT / web development role to contribute to real-world projects and keep growing.

TECHNICAL SKILLS

Front-End: HTML5 (semantic structure) · CSS3 (responsive design, animations, layouts) · JavaScript (DOM, logic, interactivity) · React
3D & Visuals: Three.js (3D scenes, particle effects, scroll-driven animation) · color theory, typography and layout
Other: Python (fundamentals) · Git and GitHub (learning) · GitHub Pages deployment · MS Office (Word, Excel, PowerPoint)
Strengths: Self-motivated learner · team player · clear communication in English and Telugu

PROJECTS

Career Command Center – Job-search workspace — HTML · CSS · JavaScript

- Designed a one-stop workspace for job hunting with a dashboard, job analyzer, application and interview trackers, skills, career plan, offers and analytics.
- Added onboarding, a career-readiness score, notifications and keyboard command search in a responsive dark interface.
  Live project: dhanush-g7.github.io/Career-Command-Center

LICRO – AI companion website — HTML · CSS · JavaScript · Three.js

- Built a cinematic, scroll-driven landing experience with an interactive 3D particle "AI core" using Three.js.
- Implemented a command palette (Ctrl+K), voice-style interface states and smooth animated sections.
  Live project: dhanush-g7.github.io/Licro-Ai-companion

Clothiy – Fashion storefront — HTML · CSS · JavaScript

- Created a premium storefront for handcrafted men's shirts and traditional silk sarees with a Men / Women collection switch, search and shopping cart.
- Used cinematic scroll animations and elegant serif typography to give the brand a luxury feel.
  Live project: dhanush-g7.github.io/Clothiy

Personal Portfolio – Interactive 3D experience — HTML · CSS · JavaScript · Three.js

- Rebuilt my portfolio as a 3D night city with a scroll-driven camera flight, animated traffic and robots, project billboards and layouts for phone and laptop.
- Added an English / Telugu language switch, quality settings for smooth performance and a contact form.
  Live project: dhanush-g7.github.io/Dhanush-Portfolio

EDUCATION

BCA – Shri Gnanambica Degree College, SVU, Tirupati — **Graduated | 85%**
Intermediate (MPC) – Sri Krishna Reddy Jr. College, Madanapalli (BIEAP, AP) — **2023 | 64%**
